Declaration of Conformity with the RoHS III Directives

This is to certify that all products delivered from Kohsel A/S comply with the Commission Delegated Directive (EU) 2015/863 (RoHS 3) and Directive 2011/65/EU (RoHS 2), meaning that no raw materials, compounds, or components incorporated into the products supplied contain amounts of substances exceeding the allowable limits in said directives.

RoHS 3 (EU Directive 2015/863) adds Category 11 products and adds four new restricted substances - all phthalates. The four phthalates are mainly used as insulation plasticizers and are on the REACH list of SVHC (Substances of Very High Concern). The expanded list for RoHS 3 is thus as follows:

10 substances ((EU) 2015/863)

- Lead (Pb): 0.1 %
- Mercury (Hg): 0.1 %
- Cadmium (Cd): 0.01 %
- Hexavalent chromium (Cr⁶⁺): 0.1 %
- Polybrominated biphenyls (PBB): 0.1 %
- Polybrominated diphenyl ethers (PBDE): 0.1 %
- Bis(2-ethylhexyl) phthalate (DEHP): 0.1 %
- Butyl benzyl phthalate (BBP): 0.1 %
- Dibutyl phthalate (DBP): 0.1 %
- Diisobutyl phthalate (DIBP): 0.1 %

Independent of the fact, we are intensively pursuing the realization of REACH on the part of our suppliers. We are in close contact with our suppliers of chemistry and prepared material.

As a part of our supplier qualification, we have implemented a registration process to secure relevant information from our suppliers.

Best regards,
Kohsel A/S
